Offering a new home to gym rats, fitness nuts, and excitable newcomers alike, the Youngstown Barbell Club is a place to come together and be joined in iron. We take an all shapes and sizes approach to weightlifting with a focus on strength and safety, creating an environment to both learn proper weightlifting technique and to perfect it for the competitive stage.

Housed in our state-of-the-art Athletic Performance Center, our training takes full advantage of the facility and incorporates a variety of methodologies focused on training power, speed, strength, mobility, and athleticism. The club has 6-10 male competitive bars, female ("Bella") competitive bars, training bars, and "Kiddie" Bars respectively. We currently offer introductions to the two main Olympic Lifts: the Clean and Jerk and the Snatch. We also teach proper form for squat, deadlift, and pressing variations. Upon reaching proficient technique, athletes will begin to strengthen their technique as they work their way up in weight. We aim to facilitate as many competitive dreams as possible. As such, athletes will also have an opportunity to compete under the Youngstown Barbell Club banner within 3 months of proficiency. Additionally, we are also looking to add powerlifting to our repertoire as we believe strength is universal! Come give the club a try and become the best version of yourself under the bar!"
